Classical

1400 to 1870. Five movements in sequence — Renaissance order and inlay, Baroque weight and movement, Rococo lightness, Neoclassical restraint, and the Gothic Revival that answered it. Ornament as architects have specified it for six centuries.

Scale and repeat

Every Classical design is a true seamless repeat. Each page shows the design at its large repeat, with small, standard and large scales below; any repeat from 2 to 52 in can be set. A repeat that divides the 52 in web (52, 26, 17.3, 13 in) matches drop to drop with no part repeat at the selvage.

Scale and colour

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.
