# Garden

Flowers by the handful rather than one at a time. A vocabulary of parts — petal flower, daisy, bell, bud, sprig, veined leaf, berry — scattered until the ground is nearly covered, drawn from six palette colours. Meadow is the dense ditsy, Bloom states larger flowers over it, Garland runs them along stems. It wants a coloured ground, not white.

## Scale and repeat

Every Garden design is a true seamless repeat. Each page shows the design at its large repeat, with small, standard and large scales below; any repeat from 2 to 52 in can be set. A repeat that divides the 52 in web (52, 26, 17.3, 13 in) matches drop to drop with no part repeat at the selvage.

## Scale and colour

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at [www.ink-tuitive.com](http://www.ink-tuitive.com). The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.

## Specification
