AN INKSONICS® COLLECTION

Grasscloth

Natural fibre, drawn rather than photographed. Abaca, jute, raffia and hemp are woven — warp over weft, with the slubs and butt joins the material cannot help having. Reed, arrowroot, bamboo and seagrass run one way only, as stalks laid side by side. Leaf is the wide flat strips of hyacinth and paper weave. Mineral is cork and mica. Real grasscloth has no repeat at all, so these are drawn long and irregular: at the recommended repeat the eye finds the fibre, not the join.

Scale and repeat

Every Grasscloth design is a true seamless repeat. Each page shows the design at its large repeat, with small, standard and large scales below; any repeat from 2 to 52 in can be set. A repeat that divides the 52 in web (52, 26, 17.3, 13 in) matches drop to drop with no part repeat at the selvage.

Scale and colour

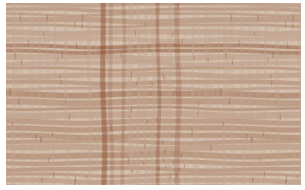

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.

Specification

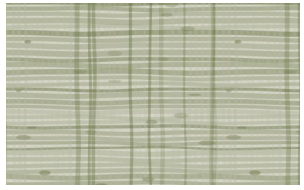

Codes read `PRODUCT-COLLECTION-PATTERN-REPEAT-WEIGHT-COLOURWAY`. Put the product code from the table above in front of the code on each page.
