Nature's Form

Biomorphic. Not nature abstracted and not nature observed, but the shapes life actually makes — the packed cell, the strut that carries load, the tissue that folds, the thing that divides and grows. Continuous curves, no straight line anywhere, and the same seamless repeat underneath.

Scale and repeat

Every Nature's Form design is a true seamless repeat. Each page shows the design at its large repeat, with small, standard and large scales below; any repeat from 2 to 52 in can be set. A repeat that divides the 52 in web (52, 26, 17.3, 13 in) matches drop to drop with no part repeat at the selvage.

Scale and colour

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.
