AN INKSONICS® COLLECTION

Weave

Cloth drawn the way cloth is made. Each design is a real weave draft — warp down, weft across, and a rule deciding which is on top at every crossing. Plain is one over one and what you get by doubling it: hopsack, panama, oxford. Twill moves the crossing along by one each row, which is where the diagonal comes from, and steepening it gives gabardine. Fancy is everything that changes the yarn rather than the draft: the long floats of satin, the loops of bouclé, the heavy weft of an ottoman, the raised cell of a piqué. Scale it down and it is a texture; scale it up and you can count the threads.

Scale and repeat

Every Weave design is a true seamless repeat. Each page shows the design at its large repeat, with small, standard and large scales below; any repeat from 2 to 52 in can be set. A repeat that divides the 52 in web (52, 26, 17.3, 13 in) matches drop to drop with no part repeat at the selvage.

Scale and colour

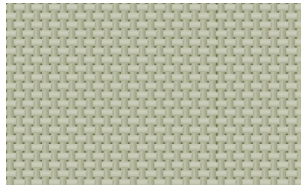

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.

Specification

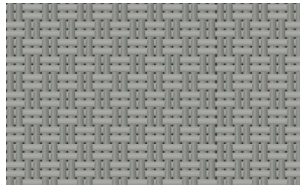

Codes read `PRODUCT-COLLECTION-PATTERN-REPEAT-WEIGHT-COLOURWAY`. Put the product code from the table above in front of the code on each page.

SAMPLES AND SPECIFICATION

Every InkSonics® design, your colour, your scale.

Every design in the InkSonics® portfolio, Weave included, is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com: set the repeat, set the ink, ground and accent, preview it on your elevation, and request a printed sample on the product you are specifying.

Printed samples ship with the full specification code, so what you approve is what is made.
