Atmosphere

Depth rather than drawing. Each design is built from tonal fields, soft gradation and layered noise, so it reads as air and distance instead of line — and still repeats seamlessly at any size. Mist is weather, Canopy is foliage at three depths, Horizon is land and sky. They take their range from the pattern and ground colours, so a single hue gives you a full tonal scale.

Scale and repeat

Every design is a true seamless repeat and can be specified at any width from 2 to 52 in. Pages show each design at a standard 36 in repeat, with small (18 in) and large (52 in) shown for comparison.

Scale and colour

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.

Specification

Codes read `PRODUCT-COLLECTION-PATTERN-REPEAT-WEIGHT-COLOURWAY` . Put the product code from the table above in front of the code on each page.

Every InkSonics® design, your colour, your scale.

Every design in the InkSonics® portfolio, Atmosphere included, is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com: set the repeat, set the ink, ground and accent, preview it on your elevation, and request a printed sample on the product you are specifying.

Printed samples ship with the full specification code, so what you approve is what is made.
