Built Environment

The made world rather than the grown one. Facade patterns come from the elevation — mullion, louvre, opening, screen. Structure from what holds it up. Skyline from the city read at a distance, in silhouette or in plan. Orthogonal where the others are organic, and the natural pairing when a project needs both.

Scale and repeat

Every design is a true seamless repeat and can be specified at any width from 2 to 52 in. Pages show each design at a standard 12 in repeat, with small (6 in) and large (24 in) shown for comparison.

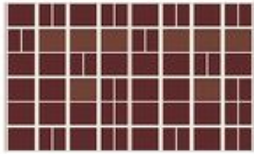

Scale and colour

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.

Specification

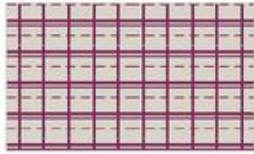

Codes read `PRODUCT-COLLECTION-PATTERN-REPEAT-WEIGHT-COLOURWAY` . Put the product code from the table above in front of the code on each page.

Every InkSonics® design, your colour, your scale.

Every design in the InkSonics® portfolio, Built Environment included, is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com: set the repeat, set the ink, ground and accent, preview it on your elevation, and request a printed sample on the product you are specifying.

Printed samples ship with the full specification code, so what you approve is what is made.
