AN INKSONICS® COLLECTION

Grasscloth

Natural fibre, drawn rather than photographed. Abaca, jute, raffia and hemp are woven — warp over weft, with the slubs and butt joins the material cannot help having. Reed, arrowroot, bamboo and seagrass run one way only, as stalks laid side by side. Leaf is the wide flat strips of hyacinth and paper weave. Mineral is cork and mica. Real grasscloth has no repeat at all, so these are drawn long and irregular: at the recommended repeat the eye finds the fibre, not the join.

Scale and repeat

Every design is a true seamless repeat and can be specified at any width from 2 to 52 in. Pages show each design at its standard repeat, with small and large repeats shown for comparison.

Scale and colour

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.

Specification

Codes read `PRODUCT-COLLECTION-PATTERN-REPEAT-WEIGHT-COLOURWAY`. Put the product code from the table above in front of the code on each page.

SAMPLES AND SPECIFICATION

Every InkSonics® design, your colour, your scale.

Every design in the InkSonics® portfolio, Grasscloth included, is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com: set the repeat, set the ink, ground and accent, preview it on your elevation, and request a printed sample on the product you are specifying.

Printed samples ship with the full specification code, so what you approve is what is made.
