Optic

Line doing the work of tone. Fan is a stripe bundle turned on a corner, Weave is a Truchet field where every tile meets its neighbour on the same points, Field is nested and converging line. Read close it is drawing; read across a room it is shade, and the density shifts as you move. Two tones carry it best.

Scale and repeat

Every design is a true seamless repeat and can be specified at any width from 2 to 52 in. Pages show each design at a standard 24 in repeat, with small (12 in) and large (48 in) shown for comparison.

Scale and colour

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.

Specification

Codes read `PRODUCT-COLLECTION-PATTERN-REPEAT-WEIGHT-COLOURWAY` . Put the product code from the table above in front of the code on each page.

Every InkSonics® design, your colour, your scale.

Every design in the InkSonics® portfolio, Optic included, is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com: set the repeat, set the ink, ground and accent, preview it on your elevation, and request a printed sample on the product you are specifying.

Printed samples ship with the full specification code, so what you approve is what is made.
