Plaster

Applied finishes rather than drawn ones. Trowel is the blade: overlapping passes, each thin where it lifted and loaded where it bit, with the edge of the last pass showing through. Wash is water — limewash settling into bands, tadelakt burnished to a bloom, the salt and oxide that come up through a wall over years. Concrete is what the formwork left behind. Drawn large, because plaster has no repeat of its own: at the recommended repeat a wall reads as one surface, not as a pattern.

Scale and repeat

Every design is a true seamless repeat and can be specified at any width from 2 to 52 in. Pages show each design at its standard repeat, with small and large repeats shown for comparison.

Scale and colour

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.

Specification

Codes read `PRODUCT-COLLECTION-PATTERN-REPEAT-WEIGHT-COLOURWAY`. Put the product code from the table above in front of the code on each page.

SAMPLES AND SPECIFICATION

Every InkSonics® design, your colour, your scale.

Every design in the InkSonics® portfolio, Plaster included, is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com: set the repeat, set the ink, ground and accent, preview it on your elevation, and request a printed sample on the product you are specifying.

Printed samples ship with the full specification code, so what you approve is what is made.
