AN INKSONICS® COLLECTION

Weave

Cloth drawn the way cloth is made. Each design is a real weave draft — warp down, weft across, and a rule deciding which is on top at every crossing. Plain is one over one and what you get by doubling it: hopsack, panama, oxford. Twill moves the crossing along by one each row, which is where the diagonal comes from, and steepening it gives gabardine. Fancy is everything that changes the yarn rather than the draft: the long floats of satin, the loops of bouclé, the heavy weft of an ottoman, the raised cell of a piqué. Scale it down and it is a texture; scale it up and you can count the threads.

Scale and repeat

Every design is a true seamless repeat and can be specified at any width from 2 to 52 in. Pages show each design at its standard repeat, with small and large repeats shown for comparison.

Scale and colour

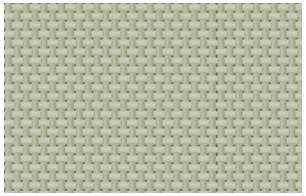

Every InkSonics® collection is scalable and colour-definable in the Ink-Tuitive® Studio at www.ink-tuitive.com. The six colourways on each page are starting points: set the repeat, and set ink, ground and accent to any colour or to a supplied chip.

Specification

Codes read `PRODUCT-COLLECTION-PATTERN-REPEAT-WEIGHT-COLOURWAY`. Put the product code from the table above in front of the code on each page.
